KORT OM DE INTERNATIONALE FOREDRAGSHOLDERE

Eric Hanushek, Wojciech Kopczuk og Michael Wickens er førende internationale forskere. Deres forskning har et anvendelsesorienteret sigte og de har alle et imponerende CV blandt andet indeholdende flere væsentlige artikler i top-5 tidsskrifterne indenfor økonomi.

Eric Hanushek: Ph.D. i Økonomi fra MIT i 1968. Professor ved Stanford University. Research Associate ved National Bureau of Economic Research (NBER) og Forskningskoordinator for Economics of Education ved CESifo Research Network. Hovedforskningsområde: Uddannelse og økonomi. Redaktør af Handbook of the Economics of Education, Associate Editor ved Journal of Human Capital og i redaktionskomiteen af Education Finance and Policy. Formand for Executive Board, Texas Schools Project, University of Texas. Tidligere medlem af Council of Economic Advisors i Californien samt af Board of Economic Advisors, New York State Assembly. Hjemmeside: <http://ed.stanford.edu/faculty/hanushek>

Wojciech Kopczuk: M.Sc. i Computer Science fra Warsaw University i 1996 og Ph.D. i Økonomi fra University of Michigan i 2001. Associate Professor ved Columbia University. Forskningsområde: Public Economics. Research Associate ved National Bureau of Economic Research (NBER) og Research Fellow ved Centre for Economic Policy Research (CEPR). Redaktør af Journal of Public Economics, medlem af editorial board for American Economic Journal: Economic Policy. Forfatter til det kommende kapitel om Taxation of Wealth and Transfers i Handbook of Public Economics vol. IV. Medlem af Scientific Board of the 2011 Congress of the International Institute for Public Finance. Modtager af The Peggy and Richard Musgrave Prize for bedste forskningspapir ved International Institute of Public Finance Congress 2003. Hjemmeside: <http://econ.columbia.edu/wojciech-kopczuk>

Michael Wickens: Professor ved University of York. Research Fellow ved Centre of Economic Policy Research (CEPR) og CESifo Research Network. Forskningsområder: Makroøkonomi, Finansiering og Økonometri. Tidligere hovededitor på Economic Journal. Omkring 40 artikler i refereet internationale tidsskrifter. Speciel rådgiver for House of Lords Economic Affairs Committee og tidligere konsulent for IMF samt FN Food and Agriculture Organisation. Foredrag vil tage udgangspunkt i artiklen "Assessing the fiscal stance in the European Union and the United States, 1970-2011" publiceret i Economic Policy i oktober 2011.
